

How do I enroll as a learner?

Taking the leap to work on your educational skills and goals can be overwhelming! We are here to help every step of the way. Here is a quick guide on how to get started.

Intake & Forms

To start, you can call our office to set up an intake appointment & fill out forms or can click on the inquiry form link below & we will contact you once received. This information stays with us and is not shared with anyone. We do share some info like gender, ethnicity, and age with our grant funders for statistical reporting, but never any personal information. Please be sure to bring your ID with you to the intake appointment!

TABE or BEST Testing

To be able to help you, we need to get an idea of your level of reading, math and language skills. Don't worry - you do not need to study for these tests! This will help us match you with the correct tutor.

TABE = Test of Adult Basic Education

BEST = Basic English Skills Test (for ESL)

Meet Your Tutor

After testing and talking about your learning goals we will match you with a tutor. We will set up a meet and greet appointment for you and your tutor. From there you and your tutor will decide on when and where to meet for lessons. As you get to know each other our team will help with setting goals and finding the tools to help you learn.

Succeed!

We will be with you and your tutor every step of the way! Your learning goals are our goals too. Remember to be patient with yourself as you learn! It is also very important to communicate with your tutor and our team.

You've got this!
